)	

This matter comes before the Public Service Commission of South Carolina (the Commission) on the request of Representative Becky Meacham that a night hearing to be held in the Rock Hill/Lake Wylie area concerning this Docket. The purpose of the hearing is so that the Commissioners and Staff can actually hear from the people and see how the community has been affected by the quality of service and cost of service for water and sewer by Carolina Water Service. Representative Meacham notes that information may be gathered from residents who may not be able to attend the formal hearing in Columbia.

We have considered this matter, and hold that a night hearing shall be held in this Docket in the Rock Hill/Lake Wylie area, for the reasons cited by Representative Meacham in her request, and stated above.

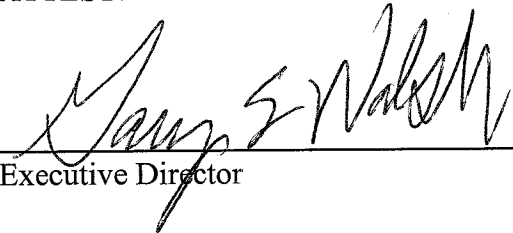

This Order shall remain in full force and effect until further Order of the
Commission.
